

FULLY GLAZED

Defender Clearguard

High security, maximum visibility. Clearguard is our fully glazed doorset solution, designed for high usage and ideally suited to offices, schools, retail properties and leisure facilities.

DDA Compliant

Fully Glazed

Manufactured in Britain.

For use in situations when aluminium is just not strong enough or where fire rating is required for a fully glazed system. The steel Defender Clearguard is more secure, stronger and lasts longer than aluminium systems.

For maximum vision from 55mm wide steel profile and ideal for prestigious and high-use locations.

Fire rated to up to 2 hours and thermally broken frames give endless possibilities to this impressive door system. We use a clip-in beading system, along with many different types of ironmongery including electric locks. Specified with anti-bandit glazing this product is ideal for high security situations.

Finish

Available in any RAL or BS standard or marine-grade powder-coat finishes.
